Dental practice

Summer newsletter

Welcome to the Ciao paolo newsletter. The aim of this newsletter is to keep you updated on the events and changes going on at our practice.

In these newsletters you will find details of our new staff, new services we offer, and reminders of services that we have always offered but you may have forgotten about.

In this newsletter we hope to present the friendly face of the practice to encourage you to come and visit us.

Did you know?

At Ciao paolo we now do implant restorations, we work closely with Clifton Clinic who do the planning and surgical implant placement. Implants have revolutionised the replacement of missing teeth and have a high success rate in the right situation. These can be used for single or multiple teeth without the damage normally associated with bridgework or denture wear. Before any implant work can be done you would require to be assessed for suitability. If you require further information please don't hesitate to contact us.

What's new at the practice?

New Staff.

We are delighted to welcome Claudia Wasige to the practice. Claudia graduated from Glasgow University in July 2016 with a BDS degree. During her time at university Claudia started 2 dental specialist societies aimed at improving dental oral health in Glasgow and widening access to the profession for pupils in schools that don't traditionally send pupils to university. Along with her academic and sporting achievements she earned the prestigious Higher Herald Education for 'outstanding contribution from a student' with competitors from all colleges and universities in Scotland. Claudia takes a holistic approach to her practice and enjoys all aspects of dental care provision. Claudia is a keen tennis player, whisky collector and voice recording artist.
